

There's a new found appreciation for mail delivery and packages these days. Whether it's grocery deliveries or a non-essential (but fun) online purchase, there's no shortage of excitement with every notification.

Flat, lightweight items are the most cost-effective direct mail promo. Mail that stands out attracts prospects and is a critical aspect of a successful campaign. Use the right messaging on the outside, and people will eagerly open it to get what's inside.

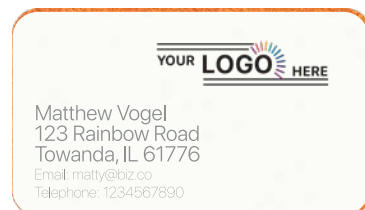

Useful and clever promos have great brand "Staying Power". Customers will keep them long after they toss the letter, and will be reminded of you with every use. Here's a few fresh, flat & mailer-ready promos to up your next campaign.
